Distribution of EXCON Cables from Reading Panel

1. Since 13 August, cables have not been regularly received by E/C (x) for filing purposes. This Desk is responsible for maintaining files of all EXCON material, including cables.

25X1A9a

2. [REDACTED] ORR Reading Panel, was questioned today and informed me that she had been advised, apparently by [REDACTED] of E/ST, that this Desk no longer exists. Accordingly, the routing of the E/C (x) copy of EXCON cables has been discontinued.

25X1A9a

3. This affects the work of the Export Control Desk and will render maintenance of adequate files difficult, if not impossible. May we advise [REDACTED] to resume routing to E/C (x)?
